Evaluation Day Quick Guide

OBJECTIVE

- **Goal:** give Division Directors additional data to create balanced teams.

BEFORE YOU TURN IN YOUR SHEET

- Write your **evaluator name**.
- Write the **date & time slot**.
- Circle the correct division: **10U / 12U / 14U**.
- Circle **Boys / Girls**.
- **Important:** without division + gender, the data is almost unusable.

OVERALL RATING

- Use a **1-4 rating system**, like an Amazon review.
- **4 is the best**.
- Use **+** or **-** if helpful for variation: 3+, 2-, etc.

Rating	Meaning
4	Strongest / highest level for the group.
3	Strong, solid contributor.
2	Developing, inconsistent, or needs support.
1	Very new, hesitant, or struggling with basic play.

DIVISION-WIDE COLUMN

- **S = strongest** in the division / likely one of the strongest players on a team.
- **W = weakest** in the division / may need extra support.
- Only use S or W when the player clearly stands out at either end.

COMMENTS

- **Write specific examples.** Avoid vague notes like good, bad, or ok.
- Comments should explain the rating and paint a picture for the Division Director.
- Useful examples:
 - Aggressive, quick to the ball, eager to learn, but lacks a bit technically.
 - Athletic, energetic, engages in the play, good movement off the ball, competes.
 - Effective with good ability, great attitude, understands the game, likes to compete.
 - Very slow, no technique, kicks the ball with no purpose, needs more development.
 - Fast, but poor attitude and does not listen well.

FINAL REMINDERS

- Keep sheets private from players - use a cover sheet.
- Complete notes before leaving the field.
- Turn in all evaluation sheets at the end.

Thanks for helping us create balanced teams!
